

THE WITCH'S ALMANAC

*an undated planner of moons, sabbats & seasons —
kept year after year, printed as the wheel turns*

♦ THE ELDWYLD ARCHIVES ♦

*The moons, feasts and tendings
of the year, as kept by*

KEEPER OF THIS ALMANAC

FOR THE YEAR OF _____

BEGUN IN THE SEASON OF _____

*"A year is a wheel; a week is a spoke;
a day is the hand upon it."*

welcome back, traveler

HOW TO KEEP THIS ALMANAC

*No printed dates, no wasted Januaries. This almanac begins
whenever you do, and lasts as long as you keep it.*

- ◇ **Print by the year's need.** Twelve month grids, a weekly page for every week you plan on paper, daily pages for the thick of things. Reprint forever — the almanac never expires.
- ◇ **Open with The Year's Turning.** Once a year (at Samhain or in January — keeper's choice), fill in the new and full moons and mark the feasts you mean to keep.
- ◇ **The eight station pages** carry each sabbat's dates, colors, herbs and table, with room to plan the day and record what it taught. They are the almanac's heart.
- ◇ **Two weekly layouts** — cards for those who plan in blocks, bands for list-keepers. Use one, or alternate with the seasons.
- ◇ **Daily Tendings** tracks your small practices moon-month by moon-month — one circle a day, shaded as kept.
- ◇ **Bind and re-bind.** A three-ring binder lets the almanac molt each year: archive the filled pages, print fresh ones, keep the sabbat wisdom pages where they are.

*Printing — US Letter or A4, single-sided, ink-friendly near-black.
Pairs with The Forager's Grimoire, its sibling volume in the Archives.*

filled once a year, consulted always

OF _____

Handwriting practice lines consisting of 25 horizontal lines.

FROM THE ELDWYLD ARCHIVES

The Witch's Almanac is the second volume of the Eldwyld Archives — a realm kept at the crossroads of imagination and implementation, where the mystical and the digital converge. It is undated on purpose: a planner that molts with you, year after year, printed as the wheel turns.

YOUR LICENSE

Licensed for **personal use**: print as many copies as you wish, for yourself and for gifts, forever. Please don't resell, redistribute, or upload the files themselves — send fellow travelers to the Archives instead.

SIBLING VOLUMES

Volume I, **The Forager's Grimoire**, keeps the green side of the practice — plant profiles, field pages, hearth recipes and workings. The two are bound to share a binder.

PRINT NOTES

US Letter and A4 editions included · single-sided · near-black ink on any paper · a three-ring binder makes the almanac perennial.

eldwyld.com · through code and creativity, we grow together
